

Police Secondary Employment Policy Development & Implementation

May 2013

Strategic Objective

Consistent with Mayor Landrieu's enduring commitment to reform the police paid detail system for the good of our city, we will move forward with the concrete steps necessary to begin a phased implementation of the new program.

Purpose

- Provide background information on the initial development of new police secondary employment policy
- Review those policies and procedures that the consent decree requires and prohibits
- Link proposed ordinances to operational objectives
- Review of policies and anticipated budget

Part 1:

Understanding the Context

We Must Address Diverse Stakeholder Interests

Our Officers' Interests

- Additional income that families have come to count on
- Stability of family routines
- Fair access to secondary work opportunities
- Retention and recruiting
- Maintaining great customer relationships

Our City's Interests

- Provide a valuable service to citizens
- Transparency
- Avoid corruption or the perception of it
- Recoup cost of police secondary work execution & management
- Satisfy all legal requirements and comport with existing law
- Enable the NOPD to address tough crime issues with fewer City resources

The Public's Interests

- Restoration of trust in NOPD and City government
- Transparency
- Assurance that tax dollars are well spent
- Fair access to all city services, without having to pay extra for them
- A well-trained, fairly-paid, accountable police force

Our Customers' Interests

- Access to a fairly-priced, high value, effective service
- Standardization of practice and accountability
- Ability to plan and budget with predictability
- Expectation of great customer service
- Freedom from improper pressure to pay for a service
- Maintain business continuity through long-developed relationships with officers

Declining NOPD Secondary Work Opportunities Since DEC 2010

3-Month Moving Average – Hours Worked

NOPD Officers are working fewer and fewer secondary employment hours

Why Are Hours Drying Up?

- Customer uncertainty about the coming changes:
 - *“I want to use NOPD, I just don’t know what’s going to happen with the new system.”*
 - a local movie location manager
 - *“We need a formalized system that’s consistent and predictable.”*
 - a local hospitality director

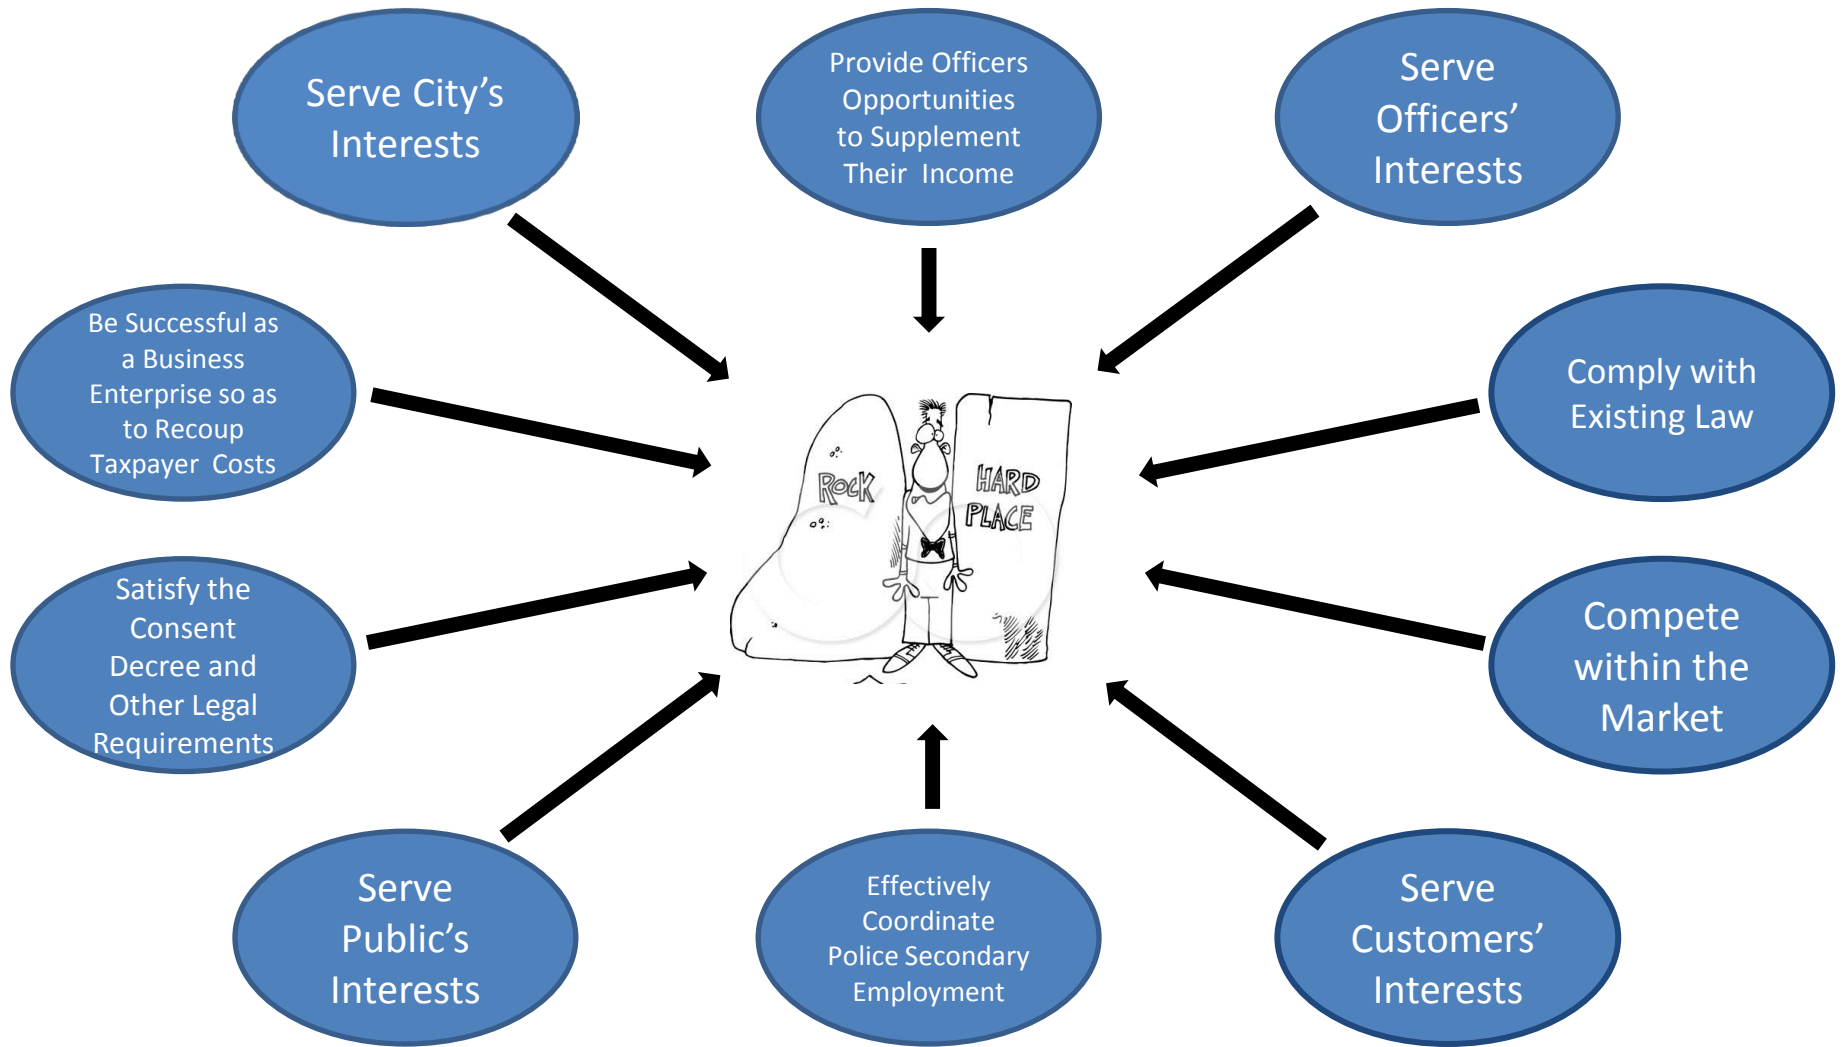

We Must Compete in the Existing Market

- A market for supplemental security services has developed in New Orleans as the city has become a world-class event destination. We have to compete in this already-mature marketplace against competitors who are not bound by the policies of our new system. Other providers include:
 - Orleans Parish Sheriff deputies
 - Other Orleans Parish commissioned officers (court constables, Levee Board Police, Harbor Police)
 - Well-established private security companies
 - Newer private security LLCs with growing customer bases

Part 3:

Proposed Ordinances

Calendar Item 29,470

- To comply with the requirement of Consent Decree paragraphs 332 and 351, this ordinance creates an enterprise fund into which all police secondary employment revenues will flow and out of which costs associated with the program will be drawn.
- Enterprise fund is segregated from the General Fund. Current budget not affected.

Calendar Item 29,471

- To comply with the requirement of Consent Decree paragraph 348, establish the initial customer fee and officer pay schedule for police secondary employment. These rates will be monitored and evaluated during the test phase of implementation and adjustments may be proposed if required to meet program needs.
- Ordinance will be amended to include provision to establish a Holiday Premium for time-based jobs. An additional amount of \$17 per officer per hour, regardless of the rank of the officer, shall be added to the customer's hourly price and passed on fully to the officer working that shift for those days considered by NOPD to be holidays and family holidays, as well as several additional days traditionally of high demand and low availability of officers.

Substitute Motion 12-411

- Establish 2013 operating budget, including anticipated revenues of \$2.66M and anticipated expenditures of \$2.66M.

Part 4:

Policy Background, Recommendations and Implementation Plan

Information About the Current System

In an effort to understand current local detail pay norms, OPSE informally surveyed 80 large and small customers from all identified market sectors. The data we gathered revealed:

- Average pay by rank
 - Patrol Officer: \$32.27
 - Sergeant: \$32.91
 - Lieutenant: \$33.20
 - Capt/Cmdr/Maj: \$33.43
- Average hourly rate of pay, all officers, all ranks: \$33.17
- Only 10% of jobs pay different rates for rank; 90% pay a straight single rate
- 31% of jobs pay a coordinator fee
- Average coordinator fee (paid one of three ways)
 - Weekly: \$119
 - Hourly: \$43
 - Percentage: 7.2% of total weekly cost of all officers scheduled

Proposed Initial Course of Action: Pricing & Pay Design

- Police secondary employment will be classified into two categories:
 - **Time-based** – those jobs that require a person, place, or thing to be secured for a known or estimated duration. This includes most facility or area security jobs (retail, neighborhood patrol, race route security, special events). Will be paid at standard hourly rates based on officer rank. If special equipment is requested for the job, equipment fees will be applicable. Those equipment fees will be set by the City Council later in 2013.
 - **Task-based** – those jobs that require a specific task to be accomplished. Time varies. This includes all traffic escort jobs (oversized loads, weddings, funerals, second lines). Manpower and equipment costs included in the per job flat rates.
- Lieutenants and sergeants will be able to “work down” into non-supervisory positions for the lower rate.
- Reserve officers may serve in any position for which they are qualified. If a reserve supervisor “works down” at the PO rate, he or she will be paid the PO rate for time-based jobs.

Proposed Initial Course of Action

Fee Schedule & Officer Pay: Time-Based Jobs

Time-based – those jobs that require a person, place, or thing to be secured for a known or estimated duration. This includes most facility or area security jobs (retail, restaurant, neighborhood patrol, school, church, hospital, race route security, special events).

Rank	Officer paid per hour	OPSE Admin Fee	Customer pays per hour
Maj/Commander/Capt	\$39	\$5	\$44
Lieutenant	\$35		\$40
Sergeant (or full-time Lt working down in Sgt role)*	\$32		\$37
Patrol Officer	\$29		\$34
Full time employed Lt or Sgt working in a non-supervisory role*	\$29		\$34
Reserve Officer any rank, working in a non-supervisory role	\$29		\$34

*Full time employed supervisors "working down" cannot be supervised by an officer of lower rank

\$5 OPSE admin fee on hourly rates. Covers office expenses, including management software, credit card and bank charges, staff salaries, and other expenses. The observed average admin fee across other similar departments is \$4.49.

Proposed Initial Course of Action

Fee Schedule & Officer Pay: Holiday Premium

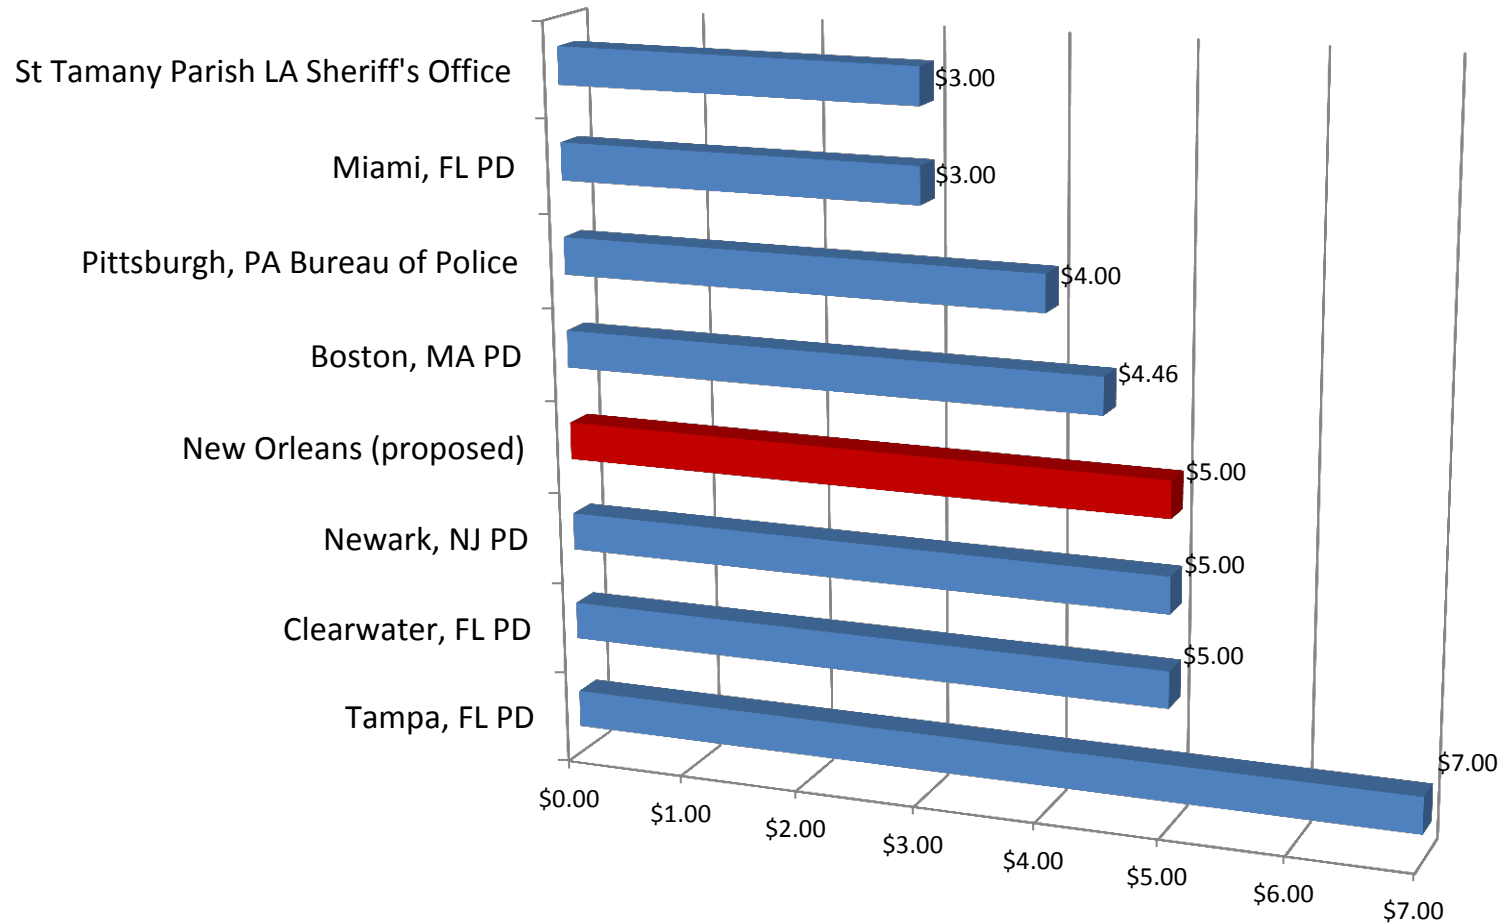

Holiday Premium – a flat rate paid in addition to an officer’s hourly rate of pay for time-based secondary work and to be effective on family holidays and during other high-demand periods when officer availability is limited. This premium applies to all officers, regardless of rank, and does not incur any additional administrative fee.

Rank	Officer paid per hour	OPSE Admin Fee	Customer pays per hour
Maj/Commander/Capt	\$56	\$5	\$61
Lieutenant	\$52		\$57
Sergeant (or full-time Lt working down in Sgt role)	\$49		\$54
Patrol Officer	\$46		\$51
Full time employed Lt or Sgt working in a non-supervisory role	\$46		\$51
Reserve Officer any rank, working in a non-supervisory role	\$46		\$51

A holiday premium of \$17 per officer per hour will be added to the standard customer cost, and the full amount will be passed on to the officer as a \$17 per hour increase in officer pay.

Hourly Administrative Fee Comparison

Proposed Initial Course of Action

Fee Schedule & Officer Pay: Task-Based Jobs

Task-based – those jobs that require a specific task to be accomplished. Time varies. This includes all traffic escort jobs (oversized loads, weddings, funerals, second lines). Manpower and equipment costs will be included in the per job flat rates.

Task-based jobs will not be included in the initial test phase of the program. They will be phased-in in late 2013. Until phase-in, customers can continue to hire officers for task-based jobs in accordance with NOPD policy.

Proposed Initial Course of Action

Equipment Usage Fees

Equipment Usage Fees – Fees instituted to cover the actual operating and maintenance costs of equipment and animals used during police secondary employment. These fees are only applicable for time based jobs (oversized loads, weddings, funerals, second lines). Task-based jobs have equipment costs built into the single price.

Equipment fees will not be charged during the initial test phase of the program. They will be phased-in later in 2013.

Officer Pay

- Paying officers as employees, and not as contractors, benefits the officers, and that is the main reason we chose this method.
- Secondary employment earnings are subject to the same tax withholding as the officers' police salary
- Officers will be paid for their secondary work through the existing and future City pay systems on the same bi-weekly pay cycle as their regular salary.
- A single, bi-weekly direct deposit payment for their salary and their secondary employment pay
- Secondary employment earnings will be coded in a similar way to police special pays (state supplemental pay, uniform & tool allowance), and will be identifiable as distinct on the Statement of Earnings and Deductions.

Worker's Compensation Issues

- Worker's compensation is factually-determined, and so each case is considered on its relevant facts. No change to current practice.
- The City's Third-Party Administrator (TPA) will determine worker's compensation cases based on the facts of each case.
- The City will not require customers to cover officers working secondary employment on the customer's worker's compensation insurance. Customers and businesses can always choose to cover the officers working for them if makes sense for their business.

Liability Issues

- Liability is also factually determined.
- If an officers feels they are better protected from potential legal actions brought against them for actions that occur while on police details, they may purchase additional liability insurance, but the City will not require them to do this to be eligible to work secondary jobs.

2013 Phased Implementation Plan

Approximate Number of Officers Managed

Phase I: Alpha Test – 40-80 officers, no rotation, time-based jobs only, manual accounting, interim payroll service

Phase II: Software Implementation – Same conditions as Ph I, but using OPSE management software

Phase III: Scale Up – Same as Ph II, but managing more officers

Phase IV: Scale Up – Same as Ph III, but managing Saints games and schools

Phase V: Software Implementation - Same as Ph IV, but potentially using new city payroll

Phase VI: Scale Up - Same as Ph V, but taking on more market sectors & new jobs (oversize load escort, 2nd lines, funerals, weddings)

Phase VII: Full Implementation (all existing jobs, all new jobs, all officers)

Implementation Milestones

Assuming passage of enterprise fund and fee schedule ordinances in spring 2013, key milestones will be:

Spring 2013	Summer 2013	Fall 2013
<ul style="list-style-type: none"> • Identify test jobs • Notification of intent to award OPSE scheduling and management contract • Hire coordinators as needed • RFP contract signed • Policy finalized in conjunction with NOPD 	<ul style="list-style-type: none"> • Scheduling and management software configuration & testing • Begin Phase I, managing a small number of officers. No rotation • Synchronized transition of operations to OPSE scheduling and management software • Release and initiate market sector implementation plan • Hire coordinators as needed • Begin synchronized, phased marketing campaign • Be prepared to manage all schools before start of 2013-2014 school year (8 Aug) and all Superdome events by Saints pre-season (9 Aug) 	<ul style="list-style-type: none"> • Add market sectors • Synchronized transition to new city payroll • Phase-in task-based jobs • Phase-in equipment fees

Part 5:

Budget

Budget Objectives

- Establish a customer price/officer pay/admin fee model that pays officers a rate that allows them to supplement their incomes, keeps customer costs competitive, and generates sufficient revenue to operate the office
- After a startup period, generate sufficient revenues to cover OPSE operating costs
- Recover taxpayer costs generated by police secondary employment that the City currently funds
- Keep administrative fee as low as possible, making only enough to cover costs and not more
